

**Anneke Noelle Willink** was born on December 28, 2014 weighing 7 pounds 9 ounces. She was the lightest of all her siblings! Anneke wasn't named after anyone in particular, we just wanted to honor our Dutch heritage with her name. She has been a happy, easy going baby right from the start. She loves to watch her older siblings play and dance around. It is easy to get her to smile! As she gets older she is more fun. She loves to "talk" by squealing and cooing, as the youngest of 3 she needs to speak up to make her voice be heard!
